Q1. PROPOSAL DESCRIPTION

Provide a brief abstract of the Proposal. Please note if the Proposal will facilitate or support the participation of DAC's in the IRWM planning effort.

The Upper Kings Basin Integrated Water Management Authority (Authority), formerly called the Upper Kings Basin Water Forum, proposes to update their Integrated Regional Water Management Plan (IRWMP), which was originally drafted in 2007. The IRWMP will be updated to satisfy all

of the new Plan Standards for IRWMPs, address inadequacies in the existing plan, and improve the overall regional planning process. The updated IRWMP will cover the vast majority of the Kings Groundwater Sub-basin. Sections from the existing IRWMP will be used as much as possible, but most will require revisions and updates. Successes and lessons learned since the original IRWMP was adopted will be documented. Several new sections will be added on various topics including Climate Change, Integrated Flood Management, Governance and several new Resource Management Strategies. The IRWMP chapters will be organized according to the 16 Plan Standards listed in the State guidelines for IRWMPs. The IRWMP will also address all of the Program Preference and Statewide Priorities provided in the IRWMP guidelines. The IRWMP will include an expanded effort to engage Disadvantaged Communities through a DAC Work Group, existing stakeholder involvement programs, and an externally funded DAC Pilot Study. These efforts will be documented in a new chapter devoted entirely to DACs. Stakeholder involvement will include a series of meetings and workshops with Authority members, interested parties, IRWMP Work Groups, and the Authority Board. Input will be solicited before, during and after preparation of the Draft IRWMP update. In addition, new member agencies and interested parties will be recruited. The updated IRWMP will be an enhanced and more comprehensive tool that the Authority can use to manage the region's water resources and plan regional water projects.

Q2. PROJECT DIRECTOR

Provide the name and details (including email) of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.
